GROWN AND FOR SALE BY

# BUSH & SON & MEISSNER.

**BUSHBERG, JEFFERSON CO , MO.**

We continue to make the growing of AMERICAN GRAPEVINES OUR SPECIALTY, and in extent, quality and assortment, our stock is unsurpassed in the country.

The superior quality of our plants—grown in open air, mostly from cuttings—and our grading, sorting and packing, are well known, and will be maintained at our usual high standard, equaled by few other growers and excelled by none.

We warrant our vines *true to name* and of the quality represented, and refer to the leading Grape-growers and Nurserymen, most of whom are our customers, for the fairness of our dealings and the superior quality of our goods.

We usually commence shipping in the Spring about the 15th of March. For the South we pack and ship during mild weather in Winter.

Those wishing to start new Vineyards will do well to correspond with us, as we are prepared to make contracts for planting them by experienced Vintuers.

*NO CHARGE FOR PACKING*, which is done in the best manner.

*We do not substitute, unless especially authorized to do so.*

*We send out GOOD PLANTS only, and TRUE TO NAME. Every variety is carefully labeled.*

While, as a rule, the prices quoted in this list apply as follows:

5 Vines or more, of *one variety*, at the Ten rate.  
50 " " " " " 100 "
